

Husqvarna Husqvarna RS 8500 D

Husqvarna RS 8500 D is a powerful, efficient rider saw, specifically designed for large projects with cutting depth up to 250 mm and with upcut configuration standard.

Tilt steering - Tilt steering for increased operator comfort.

Patented power transmission - The patented transmission with right-angle gearbox minimises vibrations and increases efficiency at the blade spindle.

IntelliSeal - The IntelliSeal blade spindle (patent pending) has four sealed radial bearings for strength and durability. Allows for a minimum of 500 hour maintenance intervals and a 1000 hour limited warranty.

- The Quick Stick™ one-hand control is used for drive, control and raising and lowering the blade.
- Blade clutch allows engine operation and saw movements without blade rotation and assists in freeing blades stuck in cut.
- Cummins 85 hp 4-cylinder turbocharged, liquid-cooled, diesel engine.
- Power-assisted zero-turn radius allows the RS 8500 D to be easily aligned for fast and accurate cutting.
- Tilt steering for increased operator comfort.
- Standard light kit for night operation.
- New fold-up pointer.
- Large fuel tank (75.7 l) for extended operation.
- Hydraulic parking brake.

Technical Data

SPECIFICATIONS	Husqvarna RS 8500 D
Motor manufacturer	Cummins
Max output (As rated by the engine manufacturer)	63 kW / 85 hp
Blade diameter range, min-max	14-26 "
Diamond blade, max	0 "
Max cutting depth	10 inch
Weight	2050 lbs
Product size, LxWxH	84.02x52.01x56.5 inch
